

Resinite®

The advanced foodwrap that keeps fresh food fresher, longer.

- Internationally recognised as a leading brand of food overwrap film.
- Specifically designed for commercial applications – particularly for supermarkets and catering.
- Protects and enhances the appeal of fresh food.
- Is suitable for a wide range of applications:
 - Meat
 - Cheese
 - Produce
 - Fish
 - Vegetables
 - Bread and bakery products
- Has an extensive range of products and variety of sizes.
- Is manufactured locally utilising advanced international technology.
- Has commercial and domestic use applications.

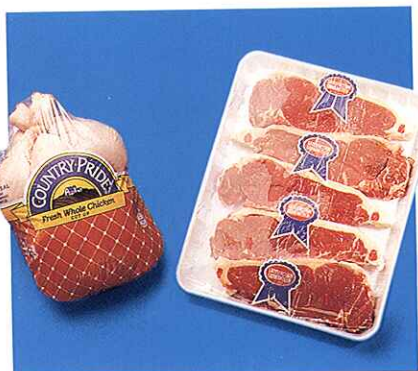

The Advantages:

- Natural elasticity and tensile strength provides long term quality presentation.
- High clarity and gloss enhances product display and gives additional consumer appeal.

- Resinite films breathe, ensuring products are kept fresh and attractive. e.g. red meat maintains its “bloom”.
- Moisture retention qualities minimise weight loss.
- Anti fog properties prevent condensation build up.
- Resinite can be utilised on all automatic wrapping machines.

Printed Overwraps

- Most can be printed in up to 6 colours.
- Enhances product presentation as required.
- Adds a new dimension to instore promotions and branding campaigns.
- Customised designs.
- Eliminates need for additional pressure sensitive labels.
- Printed film eliminates label moisture sensitivity.
